

Nunavut Tunngavik Incorporated

ANNUAL GENERAL MEETING

Cambridge Bay, Nunavut

October 24-26, 2017

Resolution#: 17-10-09

**Long-Term Care
Facilities**

Moved by: Charlie Lyall

Seconded by: James Eetoolook

WHEREAS Members expressed concerns about the inadequacy of long-term care facilities for Elders in Nunavut and the fact that Elders are regularly sent or forced to move out of the territory and away from their families in order to receive basic care;

AND WHEREAS Members passed several resolutions in recent Annual General Meetings calling on the Government of Nunavut to increase the number of Elders' care facilities and Elders' centres in Nunavut communities, and have not seen adequate progress in this regard;

NOW, THEREFORE, BE IT RESOLVED THAT Members call on the Government of Nunavut to take immediate, concrete steps including funding commitments towards establishing a long-term care facility in each community in Nunavut.

AND BE IT FURTHER RESOLVED THAT NTI examine the feasibility of establishing, in collaboration with government agencies and external funding sources, a funding program aimed at contributing to community long-term care initiatives.
