

PUBLIC SERVICE ANNOUNCEMENT NTI ISOLATION KITS – CORAL HARBOUR

Start time: October 15, 2021

End time: October 31, 2021

Coral Harbour, Nunavut

Nunavut Tunngavik Inc. (NTI) would like to advise the residents of Coral Harbour that Isolation Kit delivery may be delayed due to the high volume of applications and the local store inventory.

If you have applied for the isolation kit online, you do not need to call and confirm, staff are processing applications as quickly as they can.

It is preferred that you apply online with the online forum provided on the NTI website. Please include your House Number for delivery, **not** your PO Box number.

Applications cannot be prioritized and cannot be delivered on the same day – applications are processed as they come in, applicants are notified once their application has been processed.

Isolation kits are limited to one per household.

Thank you for your patience and understanding.

Department of Inuit Programs and Services
